

## Hello

---

We're delighted that you are interested in working with us to help achieve a better life for unpaid carers of all ages across Bristol and South Gloucestershire. We're working hard to ensure that carers are not only recognised, valued and supported in their caring role but also have the opportunity to lead a life of their own.

You can read about how we do this in our accompanying *Impact Report*.

## Who are we?

---

We are a diverse group of passionate and committed people who want to make a positive difference to the lives of others. We come from all walks of life, each bringing our own unique personalities, outlooks and yes, some idiosyncrasies, which when all pulled together create a special team.

## What's it like around here?

---

Being such a mixed bunch life is never dull around here. Yes, we are utterly committed to providing the very best we can for the adults, children and young people we support and we take our responsibilities seriously. However, it's also important to us that we have some fun and enjoy working together. We can deal with some really distressing situations, so a supportive and fun working environment is an important contrast for our own wellbeing.

## Why else would you want to work with us?

---

As well as being a fun place to work, you can look forward to:

- The satisfaction of knowing that you're making a real difference to people's lives, every day.
- A flexible, balanced approach to working.
- Generous leave entitlement, starting at 35 days paid annual leave (pro rata), increasing annually after 5 years up to a maximum of 40 days.
- A comprehensive Staff Wellbeing programme which encompasses individual support such as a confidential Emotional Support Line as well as free taster sessions in activities such as Tai Chi, Yoga, Walking Groups, Massage, etc.
- A Cycle to work and Tech scheme.
- Free eye tests

... and, most importantly, all the tea and coffee you can drink!
